P.O. Box 198 203 Platt Street Eagle Point, Oregon 97524 541/830-1300

**Dear Rich,**

**Better Car Shows LLC and Rich, Thank you for the continuous financial support you have blessed us with over the last few years. The fact that you value what we do to prepare EPHS Skills USA students for the high tech. careers that this country is in such demand for, means so much to us. Without your support we wouldn't be able to keep our chapter moving forward successfully.**

**Your support and assistance to our Skills USA chapter has made it possible for members of our chapter to compete at the Oregon State and National Leadership Conference and Career competition. These events create many opportunities for our members to gain experience in their career fields and to gain leadership and technical skills needed for their future career paths. You have helped make this possible. Without your support, we may not be able to support each member as much as we do.**

**Organizing the "Brush Bash" and the Gene Winfield auction has been a great success and would not happen without your support, and enthusiasm for what we do here at EPHS to help create a passion in these young people's lives and future.**

**Again, thank you so much. We greatly appreciate your generosity.**

**Best Regards,**

**EPHS Skills USA Advisor - Matt Boren**
